CORPORATE OFFICE CENTERS OPENS FIFTH ARIZONA LOCATION

Gilbert, AZ location brings total to 30 locations for Corporate Office Centers.

ARLINGTON, TX (November 2, 2009) – Arlington, Texas-based Corporate Office Centers (<http://corporateofficecenters.com/>) has opened a location in Gilbert, Arizona, making it the fifth location in Arizona and increasing its nationwide office business center locations to thirty.

Corporate Office Centers' newest center is in a neighborhood location at 1166 East Warner Road immediately north of the Western Skies Golf Club and is currently open for business. The center features a blend of single offices and private office suites that accommodate workgroups from 1-25 people. The newly constructed building offers upgraded tenant improvement finishes and the office infrastructure is occupant ready, including phone, high-speed internet services and conference rooms to host client and company meetings. Information technology and administrative services are also available on an as-needed basis, reducing employee overhead, administration and risk. Every office is a window office with views of the surrounding valley or the building's atrium garden. The business center's close proximity to Superstition Freeway (US 60) and San Tan Freeway (Loop 202) provides easy access to the entire valley.

“We are very excited to expand our Arizona portfolio with the addition of our Gilbert center. Not only do our services provide a more cost effective alternative to conventional office leases, the flexibility they offer to quickly accommodate one workstation to several, allows businesses to right size for their needs and save expenses by avoiding paying for office and meeting room space that sits empty. We handle the details of operating the workplace so our clients can focus valuable time on their core business.” stated Thad Pittman, President of Corporate Office Centers.

Corporate Office Centers (<http://corporateofficecenters.com/>) is one of the largest office business center providers in the nation and operates locations in California, Arizona, Nevada, Colorado, Florida, Georgia, Alabama, Hawaii, Texas and Tennessee.

“I am please to say that our company’s expansion plans are on track and we continue to look for opportunities in markets across the country. We remain committed to offering exceptional office space solutions and experiences” said Pittman.
