GRAND OPENING ANNOUNCED FOR NEW BUSINESS CENTER IN PHOENIX

Corporate Office Centers announces the Grand Opening of its newest location in Phoenix, AZ.

September 16, 2009 - Corporate Office Centers, one of the nation's largest executive business suite operators, has announced its Grand Opening Event on October 1, 2009 for its new Phoenix-Tempe center located at 4600 E. Washington Street.

The area of Phoenix-Tempe is currently undergoing a revitalization to foster a commuter friendly experience. This revitalization focuses on effortless access to the METRO Light-Rail and commuter options to and from Sky Harbor International Airport. Pedestrian-friendly access to hotels and other amenities is also an important segment that has been factored into the overall focus for the area.

Corporate Office Centers' new center, located on the third floor of the building, is a testament to the future look and feel of office space. The innovative building architecture features a sleek, modern metallic façade and the interior of the center is contemporary and inviting, offering private, occupant ready offices, cost-effective part time Virtual Office plans, conference, meeting and training rooms, administrative support team, fully equipped kitchen and lounge, receptionist and personalized telephone answering, mail services and the latest in telephone and technology services. A METRO Light Rail station is located steps from the building entrance and shuttle services to Sky Harbor Airport are offered via the METRO Light Rail. Directly adjacent to the building is a 5-story parking garage, and the A-Loft Hotel by W Hotels is right next door.

“We are excited to open our doors for business and offer our new center and the services we provide to the Phoenix and Tempe business communities” said Thad Pittman, President. “We believe the center’s proximity to both downtown Phoenix and Tempe as well as the light rail and airport will provide a great office space option that is not currently being offered in the area.”

The Grand Opening is being held in partnership with the Arizona Small Business Association and Phoenix Mayor Phil Gordon will be present to meet and greet attendees and give his insights on businesses in the community. This will be a first look at the newly constructed building and center, and attendees will discover what Corporate Office Centers and the Arizona Small Business Association can do for small and emerging companies in Phoenix. The public is welcome to attend.
